Feedback for Evaluation
Our language programme highly values students' feedback and comments and is happy to use them for reflection on our teaching and improvement. Students are very welcome to provide comments and feedback on the course at any time to their course teacher or the course level coordinator through email or in personal conversation. In addition, students' feedbacks will be collected in the middle of the term through an open-ended questionnaire and the teacher will discuss the feedbacks in class and make improvements if necessary. The course will also follow the university's course evaluation exercise at the end of the term, and students' feedbacks will be used for future course planning and teaching.

Academic Honesty and Plagiarism
Attention is drawn to University policy and regulations on honesty in academic work, and to the disciplinary guidelines and procedures applicable to breaches of such policy and regulations. Details may be found at http://www.cuhk.edu.hk/policy/academichonesty/ With each assignment, students will be required to submit a signed declaration that they are aware of these policies, regulations, guidelines and procedures.   - In the case of group projects, all members of the group should be asked to sign the declaration, each of whom is responsible and liable to disciplinary actions, irrespective of whether he/she has signed the declaration and whether he/she has contributed, directly or indirectly, to the problematic contents.   - For assignments in the form of a computer-generated document that is principally text-based and submitted via VeriGuide, the statement, in the form of a receipt, will be issued by the system upon students' uploading of the soft copy of the assignment.   - Students are fully aware that their work may be investigated by AI content detection software to determine originality.   - Students are fully aware of the AI approach(es) adopted in the course. In the case where some AI tools are allowed, students have made proper acknowledgment and citations as suggested by the course teacher.   Assignments without a properly signed declaration will not be graded by teachers. Only the final version of the assignment should be submitted via VeriGuide. The submission of a piece of work, or a part of a piece of work, for more than one purpose (e.g. to satisfy the requirements in two different courses) without declaration to this effect shall be regarded as having committed undeclared multiple submissions. It is common and acceptable to reuse a turn of phrase or a sentence or two from one's own work; but wholesale reuse is problematic. In any case, agreement from the course teacher(s) concerned should be obtained prior to the submission of the piece of work. The copyright of the teaching materials, including lecture notes, assignments and examination questions, etc., produced by staff members/ teachers of The Chinese University of Hong Kong (CUHK) belongs to CUHK. Students may download the teaching materials produced by the staff members/ teachers from the Learning Management Systems, e.g. Blackboard, adopted by CUHK for their own educational use, but shall not distribute/ share/ copy the materials to a third-party without seeking prior permission from the staff members/ teachers concerned.

| Use of Generative Artificial Intelligence (AI) Tools in Teaching, Learning and Assessment |
|---|
| **All use of AI tools is prohibited in assignments and assessment tasks**

For assignments and assessment tasks that count towards the final course grades, students are not allowed to submit work which is produced with the collaboration of or supported by the use of any generative AI tools (e.g. ChatGPT)*.

Any breach of the regulations will be considered an act of academic dishonesty and will be handled according to the *University's Procedures for Handling Cases of Academic Dishonesty.*

In case of queries, students should seek advice from the course teacher. |
